BOTTOM RIGHT: The combination of deep grey, soft white, and rich walnut in this transitional kitchen is elegant and inviting. Dramatic A-frame beams accentuate the 20-foot-high ceiling, and the room is grounded with dark wide-plank flooring. The oversized island provides ample seating and a built-in bookcase for extra storage.

Two handcrafted wrought-iron chandeliers add Old World charm with soft candle lighting. The backsplash is reminiscent of a vintage Italian kitchen, keeping the space soft and inviting.

FACING PAGE BOTTOM: Eye-catching gold and brass accents—such as the custom-crafted oven hood and hand-forged barstools—are used sparingly to keep the design of this condo kitchen interesting. The crystal hanging pendants provide light for the oversized island while looking like jewels as they sparkle above the fabulous quartz countertop.
